

## CHAPTER V

### CONCLUSION

After the data have been analyzed, the writer gets the result of this research.

The results are follows:

- The students' achievement in learning the English conversation taught through comic strips at the third year of *SMP Muhammadiyah* Ciledug is categorized "good" because the mean score achieved by them is 6.8.
- The students' achievement in learning the English conversation taught without comic strips at the third year of *SMP Muhammadiyah* Ciledug is categorized "sufficient" because the mean score achieved by them is 5.9.
- There is a positive and significant comparison between teaching and learning the English conversation through comic strips and without comic strips. It is proved by the data analysis using "t-test" formula; that is the value of t-observed (3.462) is higher than the critical value of t-table (1.99) with the significance 5% and the degree of freedom (df) 82. This becomes an indicator that teaching and learning the English conversation through comic strips at the third year of *SMP Muhammadiyah* Ciledug is better than teaching and learning it without comic strips.
