

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Based on the result of research finding, the writer would like to draw a conclusion relating to the influence of the using snowball throwing technique on the students' speaking skill at the second year students of *SMPN 2 Sumberjaya- Majalengka* as follows:

1. In measuring of the students' mastery in speaking skill before using snowball throwing strategy at the second year students of *SMPN 2 Sumberjaya* is "good enough".
2. In measuring of the students' mastery in speaking skill after using snowball throwing strategy at the second year students of *SMPN 2 Sumberjaya* is "very good".
3. In measuring of the students' mastery in speaking skill by using snowball throwing strategy at the second year students of *SMPN 2 Sumberjaya* is good enough categories of pre test and post test. In measuring of the students' mastery in speaking skill by using snowball throwing strategy at the second year students of *SMPN 2 Sumberjaya* that $t_{test} > t_{table}$. it means that H_a is accepted on the using snowball throwing strategy and H_0 is refused. So snowball throwing strategy is one of strategy to increase students' skill in speaking. It shown by the result of t_{test} .

B. Suggestion

Analyzing the result of the research, the writer tries to offer a suggestion based on the research, the writer hopes that this suggestion can give some advantages motivation in teaching and learning process especially in learning and teaching English.

1. To the headmaster :

- a. It is to complete teaching objective to media the students in the process of learning and teaching.
- b. It is very important to increase the students speaking skill by using snowball throwing strategy in the school. It is important provide English laboratory use snowball throwing strategy because the students to speak well and clearly.

2. To the teacher:

- a. The teacher should give speaking in teaching and learning, because speaking is one of aspect in English and teaching learning., the teacher should be used strategy like snowball throwing strategy.or other strategy to students more understanding.
- b. The teacher have to choose right strategy or technique in teaching and learning at the class. The teacher delivery more clear so that students can know the speaking in English. So that students are able to know how to speak English well.

3. To the student:
 - a. The students more understand when the used strategy that snowball throwing strategy. The students skill in English speaking.
 - b. It is important to think offer the efficient and effective strategy in the process of teaching and learning English. In order that to support the students knowledge how to speak English well.
