

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### 1. Conclusion

Based on the result of the test in this research, finally the writer would like to conclusion the correlation between the students' response using short story as media on their ability in learning compound sentence at the second year of students *SMP 2 Negeri Jatiwangi 2 Kabupaten Majalengka* the conclusion as follows:

1. The students' response of using short story as media can be considered as "enough" with the mean score 64.5 that indicated teaching using English short story as media is enough, The students ability in learning compound sentence is categorized "good" with the mean score 77.5 that indicated learning compound sentence is "good" The influence of using short story on students' ability in learning compound sentence 64.5 to 77.5 Based on the average score of the students ability in using short story after being based tested showing .066 it means that the students ability in using short story can be considered as "enough"
2. And the result of the computation using formula Pearson product moment also indicates that the value of 0,66 t-table has significant 5%. It means there is positive and significant response between at standard significance 5 %,  $t_o > 't'_{table}$  or  $10.63 > 2.04$  or  $10.63$  is

bigger than 2.04 by significance 5 %. It means the hypothesis ( $H_0$ ) is rejected and the alternative hypothesis ( $H_a$ ) is accepted. At the level of standard of significance 5 % there is a positive influence between X variable (the students' response using short story as media ) and Y variable ( the students' ability in learning compound sentence).

Based on the result of correlation calculation above it is clear that influence of correlation between the students using short story on the students is comprehension in writing a text is 43.5% and 56.5 % is influenced by other factor.

## 2. Suggestions

After the writer observed the condition of the school, and got the result of the test from the influence of using short story on students' ability in learning compound sentence the writer would like to give the suggestion to headmaster, to the English teacher, and to the students, as follow:

### a. Headmaster

The writer does believe tha the learning program in *SMPN 2 Jatiwangi kabupaten majalengka* is really good reference and develop the learning in this school well.

### b. English teacher

In the process teaching and learning of English subject, the method uses by teacher is enough effective and efficient, especially in using

short story proved by the score 64,5 and 77.5 and categorized “good”. However they still find out the difficulties in practice the English material well. Moreover the writer would like to give suggestion to manage and pay the attention to the students more details.

c. Students

Based on the test result that showing a good average mark, the writer hopes that the students keep up with their achievement.
