Dear Editor, Thank you for your decision and for the opportunity to revise our manuscript entitled <i>"Augmented Reality Game-Based Learning, Spatial Ability, and Learning Style: An Explanatory Mixed Methods."</i> We appreciate the reviewers' insightful comments and constructive suggestions, which are valuable for improving the quality and clarity of our work. We are currently revising the manuscript carefully in accordance with the feedback provided. A detailed response to each comment will be included to clarify the revisions made. We will resubmit the revised version within the stipulated timeframe. Please let us know if there are any additional requirements we should consider during the revision process. Thank you for your consideration. Sincerely, Hendri Handoko Reo Al Farizi	hendhand 2026-04-20 12:08 AM
Dear author Thank you for your response. We look forward to your revision of the article. Thank you.	arifmuchyidin 2026-04-20 01:17 AM
